Be Responsible

## Student Behavior Management Process

Be Ready to Succeed

**\*\*Notes on Minor Referrals**

- Record a minor referral when student does not respond to precorrection, redirection, or verbal warning.
- **Contact parent on minor referrals (required).**
- Take concrete action to correct behavior (conference with student after class, time with teacher, etc.).
- When possible, have the corrective action correspond to the behavior corrected (teach and model the appropriate behavior during time with teacher).
